

*There is nothing accidental about a good workplace safety record*

---

## **PERSONAL PROTECTIVE EQUIPMENT POLICY**

### **PERSONAL PROTECTIVE EQUIPMENT**

---

Personal protective equipment (PPE) is designed to protect against safety and/or health hazards. Hard hats, safety glasses, and safety boots, for instance, are designed to prevent or reduce the severity of injury if an accident occurs. Other PPE, such as hearing and respiratory protection, is designed to prevent illnesses and unwanted health effects. It is important to remember that PPE only provides protection. It reduces the risk but does not eliminate the hazard.

CDN Safety Training requires that all students must wear the minimum CSA Approved Safety Footwear to all classes conducted by our trainers. Additional PPE may be required over and above the minimum requirement for Customer's site location. Failure to provide the minimum requirements will result in a dismissal to the student and no refunds will be provided

Revised March 2019
